# Haiku®60 LED

The world's most advanced ceiling fan light.

With its new, patent-pending LED module, Haiku now brings energy-efficient comfort and illumination to your space. To maintain Haiku's signature minimalist profile, Big Ass Fans® engineers integrated the LED module into the discreet motor housing. A digital dimmer provides 16 increments of brightness ranging from soft night light to primary light source. With unmatched efficiency and longevity, Haiku's light is as groundbreaking as the fan itself.

Features and Benefits

- Digital dimmer offers 16 light level settings
- LED is 80% more efficient than regular incandescent bulbs
- Produces more light while emitting less heat
- 50,000 operating hours; 316% improvement in lifespan compared to compact fluorescent bulbs
- Clear and smoky lenses included
