## GTO Bass Pack

### GTO1204BR FEATURES

#### Elegant Design

- Black lacquered front and silver lacquered tunnel port

#### Aluminum Die-Cast Grille

- Looks great and offers a high level of woofer cone protection

#### Optimized Acoustics

- The large profile of the port limits port noise efficiently

#### Powerful Bass

- Perfectly tuned to the in-car environment; this box is optimized for a tight and precise bass response

#### Original JBL GTO1204 High-Power Subwoofer With Dual-Stacked Magnets

- The woofer offers increased power handling of 300/1200W (RMS/peak)

#### Highly Rigid MDF Enclosure

- The enclosure is fully made of 18mm MDF and is extremely rigid and heavy to guarantee tight bass, even at the highest sound-pressure levels

### GTO AMPLIFIER FEATURES

#### Great Quality

- All GTO amplifiers feature a full aluminum heatsink (and aluminum feet) for significantly improved thermal performance; they also come with high-quality terminals for reliable connections

#### High Value

- Electronic crossover networks for all channels and auxiliary outputs for convenient system expansion; the GT03501 amplifier includes a subwoofer-level remote and offers proprietary Dynamic Bass Optimization, which perfectly combines a subsonic filter with variable bass boost

#### Perfect Sound

- New GTO amps are less noisy and produce less distortion for perfect sound quality

#### Reduced Physical Dimensions

- The new design offers reduced height and a smaller footprint for easy installation

#### Internal Illumination

- The dual LED light bars and the backlit JBL logo on the new GTO amps give any trunk a nice, white ambient light

### CABLE KIT FEATURES

- **Power Cable:** 5m, 10mm<sup>2</sup>
